

# Find my love - Fairground Attraction

[C] [G] [C] [G]

[C] Cats are crying gates are slamming  
the wind is howling 'round the [G] house tonight  
I'm as lonely as a boat out on the sea  
when the [G7] night is black and the [C] tide is high.

[F] Oh on nights like these [C] I feel like falling to my knees  
[G] I feel like calling: Heaven please [G7]

find my [C] love find my [G] love  
find my [C] love find my [G] love

I turn the dial on my radio trying to find an all night station  
I want to hear a song I know a song about my situation.

[F] Oh on nights like these [C] I feel like falling to my knees  
[G] I feel like calling: Heaven please [G7]

find my [C] love find my [G] love  
find my [C] love find my [G] love

[F] Somewhere out there [G] there must be a [Am] boy for this girl  
[F] could be anywhere [G] could be next door  
[F] or the other [G] side of the world.

Call up my radio give them my number  
tell them to put it out on the air.  
There must be someone there must be someone like me  
sitting lonely as a boat out there.

[F] Oh on nights like these [C] I feel like falling to my knees  
[G] I feel like calling: Heaven please [G7]
